BA Double Major: Psychology
and Criminology

Rathkeale College,

Masterton. NZ

2007 - 2012

NCEA level 1-3

INTRODUCTION

I am a front end web developer with a background in hospitality and teaching who has always enjoyed getting to work with, and around other people. Through these customer facing roles I have had a lot of time to develop my customer service, team problem solving, teaching and leadership skills which have been common threads throughout my varied work history.

I find my passion for tech being drawn towards front end work, specifically in UI and accessibility. I have always tended toward more creative outlets that have a degree of skill and find this to be a perfect mix. I take great enjoyment in seeing the visual side of a product come together while methodically working through and solving the issues a user might face along the way.

Previous colleagues have described me as organised with good attention to detail, good under pressure and friendly with a knack for teaching and passing down knowledge.

I value an inclusive, supportive workplace that will allow me to continue to grow my skills and passion in both tech and teaching to bring meaningful solutions to both the company and the user.

PROJECTS

The Odin Project — *Full Stack Development course. Includes in depth learning in HTML, CSS, JS, React, Node and testing. See my github for all of these projects.*

KIND — *small scale task manager for climate change actions. (EDA final project)*

Built using: React, Material UI, SQLite, Redux, Auth0
Found [here](#)

Bankist — *Javascript example project. Solving DOM manipulation problems and building UI elements.*

Found [here](#)

EXPERIENCE

Enspiral Dev Academy, Online, NZ - Student

June 2021 - October 2021

At EDA we spent 16 weeks learning modern tech stacks with a focus on hands-on learning and project driven work using agile methods. Some things I took away from this course were...

- Working with and around others through weekly projects and daily pair programming to develop technical skills.
- Developing soft skills such as introspection and figuring out how I learnt and worked best.
- Learning how to be comfortable with what I didn't know and how to ask for help.

Funkadeli, Stockholm, Sweden - *Front of house/ Server*

STRENGTHS, SKILLS AND ATTRIBUTES

Ability to learn
Motivated
Problem solving

February 2022 - Current

Jazz Dance and Drama Center, Masterton, NZ - *Assistant Teacher/ Teacher*

January 2011 - December 2013/ March 2021 - Current

Dance has always been a passion of mine, taking students through intermediate to advanced level exams as well as choreographing end of year performances, I have been able to develop the following skills...

- Patience and learning how best to grow and bring out peoples potential.
- Breaking down problems to explain them in more than one way.
- Using basic concepts as stepping stones to develop more complex ideas.

Mojo Coffee, Wellington, NZ - *Barista and Cafe Manager*

July 2019 - February 2021

In these roles I wore many hats to make sure that the stores I worked in continued to run smoothly. Developing skills such as...

- Customer service and flexibility in multiple roles within the store.
- Budgeting, rostering and stock management.
- Food safety and general health and safety practices.
- Conflict resolution, training and managing a team of up to 10 people.
